Vol. 4, No. 27

EDMONTON, ALBERTA, FRIDAY, JULY 4, 1952

Berreth-Hehr Nuptials

CROSSFIELD—Rev. J. W. McDonald recently officiated in Baptist Church, which was the scene of a pretty wedding, when Ruth, daughter of Mr. and Mrs. John Hehr of Crossfield exchanged marriage vows with Lester, son of Mr. and Mrs. G. Berreth of Dalroy.

The bride, who was given in marriage by her father, wore a floor length gown of white satin, the bodice of which featured a sweetheart net yoke, trimmed with lace and self covered buttons to waist line, and long tapered sleeves. Her floor length veil of white embroidered net, was held in place with a halo headpiece, and she carried a lovely bouquet of Sweetheart roses. Her only jewelry was a rhinestone necklace—a gift from the groom. Her sister, Irene, in pink sheer and altar veil, acted as first bridesmaid. The second bridesmaid was the groom's sister, Audrey, who wore a Nile green gown and matching altar veil. Pastel shades of carnations fashioned their bouquets.

Little Glenda Hehr, cousin of the bride, made a pretty flower girl, in a mauve dress and bouquet of yellow roses and white daisies.

The groom was attended by Raymond Hease, cousin of the groom, and Mervin Hehr, brother of the bride. The ushers were Roy Hehr and Paul Berreth.

The wedding music was played by Agnes Berreth. During the signing of the register, Florence Hehr sang "A Wedding Prayer."

Amid a shower of confetti and good wishes, the happy couple left for Calgary, where photos were taken. They returned later to join about 300 guests, who had gathered at the home of the bride's parents, Mr. and Mrs. John Hehr, for the wedding supper.

The garage, gaily decorated with festive balloons and pink and white streamers, held seven long tables at which the guests were seated. Bouquets of spring flowers brightened the banquet tables.

For the occasion, Mrs. Hehr wore a dress of mauve crepe and lace and corsage of roses.

Mrs. Berreth, chose for the occasion, a dress of navy nylon net with white trim. Her corsage was of red roses.

Roy Hehr was master of ceremonies. He called first on his father, who introduced the parents of the groom, the bride and groom and finally his wife to the assembled crowd.

Mr. McDonald proposed the toast to the bride, to which the groom suitably responded.

According to traditional custom, the bride's slipper was auctioned off and the proceeds presented to the bridal couple.

A short program of recitations, musical numbers and singing preceded the opening of many useful and lovely gifts.

Many out-of-town guests were present, which included Mr. and Mrs. Albert Gehring, Mrs. L. Shore, both from Medicine Hat; Mr. and Mrs. John Shore, Wolchester; Mrs. Herbert Heidenger, Wiarton; Mr. and Mrs. Jack Ziffle, Walsh.

After a honeymoon trip, traveling to the coast and several points of interest in U.S.A., they will reside on the groom's farm at Dalroy.

Lake Superior is the deepest of the Great Lakes.

MEN OF THE Loyal Edmonton Regiment serving in Germany with Canada's 27th Infantry Brigade practice their new type ponchos which can be buttoned to make emergency shelters in the field. From left to right: Cpl. Arthur Campbell, of Winnipeg (where his wife Josephine and their two children live at 227 Pandora Ave.); Pte. Louis

Potts, of Westergrove, Alta., (the home of his wife Pauline); Pte. Dave Findley, of Wetaskiwin Alta., (the home of his parents Mr. and Mrs. Alex Findlay); and Lieut. Ernest Shortt, of Calgary, Alta., (where his wife Peggy and daughter Carol live). (National Defence Photo).

NOTICE REPORTERS

Owing to July 1 holiday, it has not been possible to get all the news which you may have sent in into the papers. However, any news omitted this week, will be published next week.

—EDITOR.

Bridge Club Entertains Two Departing Members

BEISEKER — The Ladies' Bridge Club entertained on Monday evening, June 23 at the home of Mrs. E. B. Hagel in honor of Mrs. W. Rempel and Mrs. Chas. Weisgerber, members who are moving shortly to Red Deer. A pleasant evening of bridge was played with honors going to Mrs. Ken Wright and Mrs. A. Veiker.

Mrs. Ken Wright, on behalf of the club, presented the two members with gifts of appreciation. A very dainty lunch was served to complete the evening.

In Canada Since 1902, Dies At 82

CALGARY — Residents of Crossfield and district were deeply grieved to learn of the recent death of Mr. Joe Gallelli, who died Monday, June 23 in the Holy Cross Hospital after a short illness at the age of 82.

The late Mr. Gallelli was born in Albi, Italy, and came to Calgary in 1902 and resided in Crossfield-Cochrane district for years, and later was engaged as a stone mason in Calgary.

He was a very respected citizen

Tommie Bland, manager of the Co-op Store, Crossfield, left Sunday, June 29, with the R.C.A.F. for Watson Bay, where they will spend two weeks' summer manoeuvres. Watson Bay is near Whitehorse.

Miss Mewha, District Home Economist, was in Crossfield last week giving special instruction to the Garden Club girls, Lavonne Becker and Evelyn Banta, who will be in competition in Olds soon.

The Garden Club girls under direction of Barbara Bills and Evelyn Banta were responsible for a wonderful clean-up job on the United Church property. The shrubs and flowers are free from weeds and are growing rapidly.

Mr. Frank Laut, at home once more, is his own cheerful self again and recuperating nicely under the good care of his wife.

Russel Bills is the second boy to win a plaque and safety clasp pin for an essay for fifth and sixth grades in Calgary Division. The topic was "Fire Safety on The Farm." His essay will be printed later if a copy can be obtained.

Many of the Tan-y-Bryn residents motored to Calgary where the school children celebrated their annual picnic on Monday, June 30. All kinds of games were played and ball games organized.

Mr. and Mrs. Roy Banta left for Cutbank, Montana, on Friday last to attend the wedding of their niece, Miss Marles.

The Crossfield United Church W.A. have set the date of Nov. 1 for their annual bazaar. So keep

and leaves four daughter and four sons to mourn his loss. He was buried in St. Mary's Cemetery, with McInnis and Holloway in charge, on Thursday, June 26.

CROSSFIELD NEWS BRIEFS

the date in mind or mark your calendar, as this is a big afternoon, and many Christmas problems may be solved.

Mr. and Mrs. Bert Lilley entertained on Tuesday evening at a dinner bridge in honor of Mrs. "Alpha" McCrae. Many of the high school "gang" of 1916-17 were present at the re-union, at which 19 covers were laid. Four tables of bridge were enjoyed and a midnight snack served. The prizes were handed to: firsts, Mrs. Garnet Oneil and Mr. W. W. Stafford; consolations to Mr. and Mrs. Frank Ruddy.

Your local editor is extremely sorry that the name Huddle was used instead of Foreman when announcing the birth of "Carol Lee" on June 14 to Mr. and Mrs. Dave Foreman in Saskatchewan.

Mr. and Mrs. Brock Campbell and family left for Dawson Creek, B.C., where they will spend their annual summer vacation visiting the latter's family.

Mr. Frank Laut returned early in the week to his home in Crossfield after having been in the hospital the second time.

Mrs. P. C. McCrae who has been a guest at the Lilley home for the past week, returned to B.C. on Thursday evening, having spent her last afternoon with Mr. and Mrs. R. T. Amery in Calgary. She will visit one week with her daughter, Bette, who is married and lives in Kitchener, B.C., before proceeding to New Westminster.

SIDESWIPE 6 CARS

BALTIMORE, Md.—During a 10-mile chase by police Nathaniel Thompson, Washington Negro, side-swiped six automobiles, seriously damaging them. At times he attained speeds as high as 85 miles an hour.

Crossfield Leads Rosebud League

CROSSFIELD—Crossfield Baseball Club moved into first place in the Rosebud league with a 12-3 win over Madden. The local boys now have a record of seven wins and three losses to top the league.

The game was a close 3 to 2 for Crossfield going into the fifth inning, but Crossfield then added two runs and ran away with the game with seven runs in the seventh inning.

Youthful Murray Fleming received credit for the win, whilst Al Godlonton was the losing pitcher.

Gene Wickerson led the local attack with three hits in three times, while Arlo McCool had a two for four.

Summary

Madden 200 000 000
Crossfield 30 020 700

Pitcher, Fairbairn; catcher, K. Clayholt (Madden).

Pitchers, Lee; Fleming, Butler; catcher, D. Stevens (Crossfield).

Claude Deeks has tilled up a beautiful crop of rye which was totally destroyed by hail on June 21. That makes three in a row on that field.

Mrs. Duncan McLeod of Cremona and Sundray, sister-in-law of Mr. W. Rowat, passed away on Wednesday last. Burial took place on Saturday, June 28.

Mr. and Mrs. Warren of Toronto are visiting at the home of Mr. and Mrs. J. W. Rowat. The latter being a sister of Mr. Rowat.

Mrs. Lima (Mable Carmichael) arrived in Crossfield on Sunday, June 29, to visit friends and her daughter, Mrs. Walter Stewart and family.

Mr. and Mrs. Chas. Lee of the Home Cafe entertained 17 local boys at a delicious Chinese meal on Sunday, June 28, in honor of their son Raymond's birthday on June 27. The boys reported an excellent repast and an all round good time.

Twins Born To Former Crossfielders

CROSSFIELD — Mr. and Mrs. Donald Slack (nee Mickey Snyder) of Weston, Ontario, are the very proud parents of twins which were born June 20, weighing 3 lbs. 14 oz. and 4 lbs. 13 oz. respectively.

Mrs. Len Snyder left Sunday for Weston, Ontario, where she will visit her daughter and son-in-law and the new twins.

Square Dance Jamboree

CROSSFIELD — The Square Dance Jamboree, sponsored by the local club and held in Airdrie Airport, was a success. Between 40 and 50 squares were on deck. There were about 100 spectators on hand to enjoy the fun. Plenty of good food was served and a very enjoyable time spent.

Like every other bit of fun, there is the work attached and on Saturday the boys were busy taking back the piano and bleachers to Airdrie—but it was worth the effort, all agreed.

EDITORIALS

Farmers Pay Up

The federal government has loaned farmers \$225 million under the Farm Improvement Act 1945. D. M. McRae, administrator of the act, reported to parliament last week that at the end of 1951 the loss incurred was \$26,229 or 1/100 of 1 per cent.

Under the act farmers could borrow money from the banks for the purchase of land, farm machinery, livestock, erection and repair of farm buildings, etc. The government gave a guarantee to the banks against loss to the extent of 10 per cent.

Claims on the government by the banks because of non-payment of loans declined to \$6,499 in 1951, down from \$9,466 in 1950 and \$10,264 in 1949.

Loans in 1951 by provinces were:

B.C.	\$ 2,007,000	Quebec	\$ 6,125,000
Alberta	23,240,000	N. Bruns.	696,000
Sask.	27,876,000	Nova Scotia	619,000
Manitoba	11,370,000	P.E.I.	1,144,000
Ontario	12,178,000	Nfld.	2,412

A substantial proportion of the loans are made to farmers to buy farm implements, the total in 1951 being \$78 million to finance the purchase of \$137 million worth of machinery and trucks. Farm implement manufacturers and distributors are thus relieved of the cost of credit sales and any losses entailed thereby. In this way the cost of manufacturing and distributing farm machinery is considerably reduced.

Lucky Smoky Lake

(From the Edmonton Journal)

Glancing through the new Oxford Canadian Atlas, we notice that the town of Smoky Lake, fifty-five miles northeast of Edmonton, receives special mention in the gazetteer. It is intriguing to wonder whether this "honor" will make it better known and thus affect its future.

The special mention is purely an accident of the geographer's art. The main gazetteer has ninety-six pages and must list some 60,000 names, but by chance Smoky Lake happens to be the first name listed on page eighty; so for convenience of users it is shown in large type at the top, along with the last name listed on the page, as is customary in an atlas, dictionary or encyclopedia. It is interesting to note that only one other Canadian name—Rice Lake, Ontario—is equally favored by chance.

Of course, this is all quite accidental. It is probable that Smoky Lake will be favored in the future by the labors of its inhabitants and by its geographical location in this booming oil province, not by its position in the gazetteer.

Why Advertise?

When Mark Twain was editor of a Western newspaper, a superstitious subscriber found a spider in his paper and wrote the editor to ask if that was a sign of good or bad luck.

With his usual needle-witted appreciation of the situation, the humorist answered in the following vein:

"Old Subscriber: Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising, so that he can go to that store, spin his web across the door, and live a life of undisturbed peace ever afterwards."

—May Teresa Holder.

Baby Mix-Ups Prevented

To prevent giving a mother the wrong baby at a maternity hospital, a new device, invented by Jewett E. Popma, of Portland, Oregon, is now available which will photograph the palm print of a new born baby and the finger prints of the mother.

One of the special features of this invention is a mechanism which will prevent the photo from being taken except when both the mother and child are pressing exactly right on the glass plate. Too much or too little pressure can make the fingerprints worthless.

If this invention will record only perfect prints, it will thereby make hospital slip-ups virtually impossible. Of course, the old-time system of having babies in the home was almost foolproof, too!

Provincial Election Issues

Premier Manning has named the day. August 5th those Albertans who aren't on their annual vacations will be trooping to the polls to elect another government.

We don't think the issues of this election should revolve around whether or not gas export should have been permitted. That question is largely a technical matter and not one of political policy. If the gas is available for export it should be exported. If not, it should be kept right here.

The voters will be conscious of the need for natural gas service in the towns and villages of Alberta. Any Government that will use gas and oil royalties to subsidize the building of gas lines to Alberta rural points should find favour with the townspeople.

Farmers of Alberta want rural electrification. This can be done if the Government will subsidize the building of rural lines. The power itself can still be sold through private companies.

Motorists and truckers (and that includes just about all of us) would like to see a definite program of good roads. They don't have to be paved or hard topped. Most Albertans would like to see a graveling program put into effect that would save them the heavy upkeep costs of running vehicles on such poor roads as are our main highways.

The next government should announce a definite program to extend telephone service throughout the province. Service given by the Alberta Government Telephones is as much in need of extension and improvement as any government service we can think of.

These, we believe, to be the issues that should be decided at the Aug. 5 election. These are the points of most vital interest to every Alberta voter. We wonder if any political party will take the opportunity of espousing these issues.

Price Support

The federal government pays about \$18 million a year to assist in maintaining the operation of Canadian gold mines, but the basic industry of agriculture has received only \$10 million dollars of federal funds to support the price of farm products over a period of five years, or \$2 million a year.

This fact was pointed out to the federal standing committee on finances by Dr. E. C. Hope, economist for the Canadian Federation of Agriculture.

Dr. Hope said that the gold mining industry probably employs not more than 23,000 workers. On the other hand, there are one million workers in the agricultural industry.

Repentance — And Its Possibilities

DOES A MAN EVER GET TO THE PLACE where he cannot repent of his sins?

Yes, he does. The most dangerous liar in the world is the man who lies to himself. His fate is that he believes his own lies at last. There are people who cannot repent of their sins for the simple reason that they do not believe they are sinners. They cannot repent of sins which they do not believe they have committed. There are still others who cannot repent of their sins because they have so allowed their sins to overwhelm them that their will power is destroyed.

REPENTANCE IS A GIFT OF GOD just as salvation is a gift of God. Anybody can have repentance who wants to have it, but there actually are many people who do not want to repent. Accordingly, they cannot receive the spiritual gift of repentance. They will not forgive somebody they hate, or they will not restore something they have wickedly appropriated. There are others who are willing to do anything save give up some vice. To live without this indulgence would be unthinkable.

THESE CANNOT RECEIVE THE GIFT of salvation because they cannot receive from God the prerequisite, namely, the power to repent. But they can have this power if they want it. To say that they cannot repent means that they do not want to repent.

TV FAR BEYOND HORIZON FOR CALGARY, EDMONTON

From the Calgary Albertan
OTTAWA—Calgary isn't going to get its own television for many years to come.

And the same applies to Edmonton.

The reason? Alberta is not included in the "next stage" of the Canadian Broadcasting Corporation's television development program. In fact there have been no plans made yet for Alberta.

Chances of any plans being made for TV in Alberta are dim, because the "next stage" includes seven major Canadian cities outside Alberta and it will take some years before they are serviced.

CBC chairman A. D. Dunton told The Albertan this while commenting on his recent statement that Ottawa and Quebec City would be the next two Canadian cities to get TV. He said he was misquoted.

"Recent newspaper reports suggested that Ottawa and Quebec City only would be in the next stage of our TV development. This is not true as there will be seven cities in all in the next stage."

"The CBC hopes to start on the 'next stage' of its TV program after the Montreal and Toronto TV stations are in operation. This should be sometime this Summer."

"Quebec City and Ottawa are only two of the seven cities to get TV next," he said. "The others will be Vancouver, Winnipeg, London, Hamilton and Windsor."

"And when we do start on them, they will all be built at the same time," he said.

"These are only our plans, which I might say were made public some time ago, but which have seemingly been misunderstood," Mr. Dunton added.

"But we can do nothing about these plans as yet since we have had neither authorization nor financial aid from Parliament for them which is necessary," he said.

As for Edmonton and Calgary, these two Alberta cities are not included in the seven-city "next stage" CBC television development program.

Mr. Dunton could not say when they would get TV but said it was a safe bet they would not get TV until after the other seven cities had it. That should not be for two, or three years.

Regina, Saskatoon and Victoria will also have to do without TV for some time, as well as the whole of the Maritimes.

One TV station costs anywhere from one million dollars to three and a quarter millions. The cost varies with the locality.

Voice of the People

CHIPMAN FRIENDS

Just to let you know we always read and enjoy your paper very much.

MRS. JACK BAIDAK.
Chipman, Alta.

GLAD YOU LIKE US

I have read only a few issues of your paper but want to say that it is by far the most interesting newspaper I have ever seen. It is precise, concise and convincing.

Glendon, Alta. R.C.S.

SECOND DAILY—COMICAL

I know of nothing more comical than your report that a Toronto paper might be starting a second one in Edmonton. There is no faster way to lose money than trying to operate newspapers far distant from home. Anyway, the Journal has got the wire services and features such as comic strips all tied up. Yours is not the only city where the monopoly paper has features and news barred from allowing an opposition to develop. Free Press? Free Enterprise? Pooh! Pooh! T.B.M. Toronto, Ont.

DOWN ON HOLLYWOOD

We like your paper and editorials but why do you print those pictures of scantily clad Hollywood actresses?

In Leviticus God says seventeen times not to uncover nakedness. Here is one of those seventeen statements: "Thou shalt not uncover the nakedness of a woman and her daughter" (v. 17). None but those who despise the Scripture would dare violate those clear commands. God gave the provision of clothing to protect the human race from excessive sin and immorality. All normal people know that an uncovered woman, or a partially uncovered woman, excites the male passion. All nudists and all immodestly dressed women contribute to the sin of men and help foster that state of society where man's eyes "are full of adultery" and they "cannot cease from sin" (H Peter 2:14). Under present conditions, it is difficult indeed for normal men to keep their minds pure and refrain from the lust-filled look that our Saviour said is "committing adultery in the heart" (Matt. 5:28).

HOW TO SLEEP

A recent Voiceer who signed himself Sleepless Guy, said doctor's pills hadn't done him any good and wondered how he could get a night's rest. Here's the answer: The reason you can't sleep is that your mind is full of thoughts and your muscles are full of tension. The cure is relaxation. When you lie down in bed just let the muscles all over your body loosen up for about 15 minutes. Don't think of anything else. With practice, it always works. I.M.

Every night, before you go to bed, drink a glass of warm milk, with flavoring if desired. Keep doing this — it probably won't work the first night. SWISS.

Go to your corner tavern, get yourself a quart of beer, and go home and pour yourself a glass — never more than two. If you don't fall asleep I'll pay for the suds. ANGELO RIVERA.

Read the 23rd Psalm in the Bible before going to bed.

MRS. P. C.

I used to have the same trouble. Now I fall asleep within 15 minutes, merely by reading factual detective stories, the kind based on actual police records. By the time I read one story through, concentrating on all the names, dates and places, I'm almost too drowsy to turn off the light.

D. A.
Take two large slices of onion, make a sandwich, chew it well and slowly, and afterward drink some water, tea or milk. Go to bed, say a prayer to get your mind off yourself and your worries, and you're asleep. SANDMAN.

PREMIUM CASH

For years Americans have been proud of their money being worth more than ours. Now, why don't they realize the situation is reversed and the Canadian dollar is worth more than the U.S. dollar? When I went to the States recently I carried mostly American money, but had one \$2.00 Canadian bill. Nobody would accept it. Why don't the Americans admit it when they're licked?

THE LIGHTER SIDE

Poor Judge

A stern hatchet-faced woman en-
tered the office and demanded to
see the chief. "Is she good-look-
ing?" the boss asked the office boy.
"Yes, sir—beautiful."

"Then show her up."
After the woman's departure the
boss sent for the office boy. "You're
a nice judge of beauty," he said.
Irritably.

"Well, sir," apologized the boy.
"I thought she might be your wife."
"She is!" snapped the boss.

No Parade

A film star, who began her film
career in 1914 and had won fame
on the stage before that, was in-
viting some friends to her birthday
party recently.

"Will there be a birthday cake?"
asked one friend.

"Certainly," replied the actress.

"And will there be candles on
it?" asked the friend.

She looked at the woman coldly.

"This is to be a birthday party,"

she announced, "not a torchlight
procession."

Making Sure

Quizzing a bunch of rookies, the
sergeant asked, "Johnson, when
you clean a rifle, what's the first
thing you do?"

"Look at the number," the pri-
vate answered promptly.

"Now what on earth has that got
to do with anything?" demanded
the sergeant.

"Just want to make sure," ex-
plained Johnson, "that I'm clean-
ing my own gun."

Don't Spoil 'Em

Joe, thirteen years old, was puz-
zled over the girl problem, and
talked it over with his pal, Willie.
"I've walked to school with her
three times," he told Willie "and
carried her books. I bought her
ice cream soda twice. Now do you
think I ought to kiss her?"

"Now, you don't need to," Willie
decided, after thinking a moment.
"You've done enough for that gal
already."

Reminder

"What's that piece of string tied
around your finger for, Bill?"

"That's a knot. Forget-me-not
is a flower. With flour you make
bread, and with bread you have
cheese. This is to remind me to
buy some pickled onions."

Take Your Time

At last he had screwed up his
courage to kiss her, and they both
liked it. So he did it again — and
again.

After about an hour of it he
whispered fondly:

"Every time I kiss you I feel a
better man, darling."

"Oh, well," she said coyly, "you
don't have to reach perfection in
one night."

Watch Your Timing

A judge in remanding a criminal
called him a scoundrel. The prison-
er replied:

"Sir, I am not as big a scound-
rel as your honor—" here the cul-
prit stopped but finally added —
"takes me to be."

Red Cross Camp Again At Jasper

Red Cross officials have an-
nounced that for the third year
the Junior Red Cross Leadership
Training Centre will be held at
Lake Edith, Jasper, from Aug. 21
to 30.

The camp provides an oppor-
tunity for specially chosen stu-
dents from the western provinces
and the U.S. to attend and study
history and philosophy of the Red
Cross; senior Red Cross peace-
time services; local, provincial and
international projects; swimming
and water safety instruction; and
hear guest speakers as well as take
part in many activities.

In addition the camp develops a
group of student-leaders with a
knowledge and understanding of
the Junior Red Cross.

Those wishing information on
the Centre may contact the Junior
Red Cross Director, 1504 1st St.
E., Calgary.

Wheat Pool Contest Winners Announced

Names of the 35 farm boys and
girls who the Alberta Wheat Pool
will sponsor at Farm Young
People's Week being held at the
University of Alberta in Edmon-
ton from June 10 to 18 are as
follows:

Jack Gracey, Manyberries; Ed-
ward Gilchrist, New Davton; Ken-
neth Owens, Magrath; Bill Green,
Kipp; Lyle R. Olsen, Whitla; Gor-
don Bratz, Pincher Creek; John
Wallace, Nanton; Donald Thomas,

DOWN WITH THE WEEDS!

By HANS ARMFELT, Field Supervisor

Every indication so far is towards a good crop year, the growth of grain is excellent, and the weeds are growing like blazes. Many sprayers and much 2, 4-D is being sold daily. Many farmers have asked my advice regarding application of 2, 4-D, and in order to make the calculations simple and easy, I have had a number of charts made up; these charts are available for the asking both in Athabasca and Meanook. The M.D. Sprayer is working steady, but the demand for spraying is great and the area of our M.D. is large, therefore it is not possible for us to cover the whole of the M.D. I am asking you farmers to make your arrangements for weed control now—the responsibility is yours. Some neighbor not too far distant will have a weed sprayer; ask him and he will probably be glad to do

the spraying for you. The responsibility of weed control from your fence line to the centre of the road is also yours. This is according to the noxious weed act. We have many complaints regarding the weeds on the crown lands and lake shores, however it is not possible for the M.D. to spend the money that would be involved for the control of weeds on these lands. The farmers should be willing to co-operate. If an adjoining unoccupied quarter is weed infested, I have on hand a mixture of grasses and legumes. This seed is available free of charge; all we ask is that the farmer does the seeding, furthermore to compensate the farmer for the work involved. The Department of Lands has assured us that a free lease could be issued for the area seeded. Where it is not possible to seed

grasses, The Department of Agriculture will gladly supply 2, 4-D also free of charge as long as the farmers themselves will do the spraying. Make this promising season—a season of weed control—report any weed that you are not familiar with, be weed conscious, it will save you money. I have Sodium Chlorate, T.C.A. and 2, 4-D on hand at all times. I am in the office in the Provincial Building all day Saturday.

District Oldtimer Passes In Edmonton

WABAMUN—An old-timer of the Langford Park district died in Edmonton at the age of 80 years. Mrs. Virginia Storms, wife of Charles Storms. Besides her husband, she leaves five sons and 11 grandchildren. Burial took place in Edmonton.

Canada has seven time zones.

Kisser In The Dark

WINNIPEG. — David Kisser, 22, tries to live up to his name—especially in dark movies.

But police caught up with him here after observing him make three surreptitious approaches to attractive neighbors in a theatre here. All three fled with alarm. Kisser after each sally would move to another seat and try it again.

"I've done this before," he explained.

In court the Kisser was fined \$50 and costs with the option of a month in jail.

Number of juvenile delinquents appearing in Canadian courts in 1950 was second lowest in 25 years and about half the 1942 record high.

Duck Shooting

(From Maclean's Magazine)

A farmer south of Edmonton decided to surprise his wife by shooting some wild duck for supper and crept up to a slough where the birds often fed. He downed three before he discovered that they weren't wild after all — just restless. Then he had to explain to his wife how he'd come to shoot three of her ducks.

LETTERS TO LOUISA

Dear Louisa.

I hear so many women complain-
ing about their husbands wanting
to stay home all of the time. Be-
cause a man wants to come home
at night and rest after a hard day's
work, they seem to think it is
awful.

Well, I just want to say that a
husband like that would suit me
fine and that if some of these com-
plaining women had a husband like
mine who wants to be going some-
where all the time, they would get
mighty tired of it.

No matter how strenuous the day
has been, or if we are half-sick,
Dick has his bright idea every night
of stepping out somewhere or run-
ning over to see somebody.

If I finally persuade him to stay
home, he looks so restless and jit-
tery that it gets me all upset.

Oh, for a husband who would be
satisfied to stay home and read the
paper or listen to the radio every
night!

E. L. B.

Answer:

Isn't it funny how hard it is
to please people? Some women
weep because their husbands never
take them anywhere and here is
one who is bemoaning the fact that
her husband wants to be going
somewhere all the time.

I wonder why these women
didn't find out something about
their husband's tastes before they
were married. Because, if the wom-
en who like to run around had
married the men who like the same
thing, and vice versa, everything
would have been just lovely.

Congeniality is one of the great-
est factors towards making a suc-
cess of married life. It is so much
easier to get on with someone who
likes the same things that we like.
For we all desire companionship
and if we dance, play golf, play
bridge, or swim, it is much nicer
to do so with our own husband or
wife than with someone else.

However, if we have married a
person whose likes and desires are
not ours, it would be a good idea
for us to compromise. The husband
who wants to be a playboy will

perhaps agree to stay home half
the time if his stay-at-home wife
will go with him the other half and
be agreeable and enthusiastic about
it when she does go.

The stay-at-home husband can be
persuaded, no doubt, to go some-
where one or two nights of the
week if his wife will let him rest
in peace by his beloved radio the
rest of the time.

Yours,
LOUISA.

Farmers Told Not To Grow "Fort" Barley

The Barley Improvement Insti-
tute has issued a warning to west-
ern farmers not to grow the new
variety "Fort" barley recently
licensed by the federal department
of agriculture. The Institute super-
vises the National Barley Contest
sponsored by the brewing and
malting industries.

The Institute says "Fort" is not
a malting barley. Fears are ex-
pressed its production even on a
limited scale may jeopardize the
high standard of premium malting
grades which with co-oper-
ation of producers it has done
so much in recent years to build
up.

The new variety "Fort" was origi-
nated by the Cereal Division of
the federal department of agricul-
ture. Barley experts admit it has
the merit of being strong-strawed
and yields well above average in
the Maritimes. But it is not suited,
the Institute stresses, to the drier
areas and should not be grown in
western Ontario or in western
Canada.

The Manitoba department of
agriculture, Manitoba Pool Eleva-
tors, two malting companies, two
Winnipeg grain exporting firms,
and the Line Elevators Farm Ser-
vice have joined with the Institute
in asking Hon. James Gardiner
to exercise his authority and cancel
the license. As a result the In-
stitute has listed seven reasons
why western farmers should not
grow it. They are:

1. "Fort" is of much lower malting
quality than the present pre-
sent standard varieties O.A.C. 21
and Montcalm.
2. When threshed it can't be
distinguished from Montcalm.
3. If grown in Canada it will
get mixed with the good malting
varieties and thus reduce the
quality.
4. The American market, just
beginning to recognize high qual-
ity of Canadian blue barley, may
be lost.
5. If licensed, it can't be segre-
gated to any area in Canada, and
being a new variety it may be
exploited in the good barley areas.
6. In Ontario and Quebec where
it is said to be well adapted agro-
nomicallly, it would destroy the
2,000,000 bushel malting market.
7. Admitting it would be better
agronomicallly in the Maritimes,
this area produces only 1.2 per
cent Central Canada produces 11.5
per cent and the Prairies about 87.5
per cent.

ALBERTA BOY WINS MEDAL FOR SAVING GIRL'S LIFE

Robert Byron Wardle of Tilley, Alberta, 16-year-old Red Cross Swimming and Water Safety instructor, has been awarded the first Mountbatten Medal of the Royal Life Saving Society for the rescue of 2½-year-old Frances Burchack from a cistern at Tilley last Aug. 10. He is a lifeguard at the Brooks Swimming Pool.

The medal, first of a series presented by the Earl Mountbatten of Burma, is given the award holder who makes the best rescue of the year who has not been otherwise signally honored. Only one medal is awarded each year. Earl Mountbatten is president of the Royal Life Saving Society.

The award itself, which bears on one side in relief Earl Mountbatten's coat of arms, and on the reverse side an inscription and a space for engraving the name of the recipient, will be presented later at a date as yet unannounced.

Wardle's citation reads as follows:

"Frances Burchack of Vulcan, Alberta, aged two years, whilst playing with her brother, aged four, accidentally fell into a cistern located in the rear of some premises belonging to her relatives. The postmaster was immediately informed of the accident, and a ladder put part way down the cistern, when Robert Byron Wardle, a Boy Scout aged 16, and a holder of the Society's Bronze Medallion, ran from a nearby garage and shouted for the ladder to be pulled out.

"Owing to the manhole entrance being only eighteen inches square, difficulty was encountered, but Wardle, divesting himself of shoes and shirt, entered through the small hole and swam to the bottom a distance of ten feet.

"Lack of light, the coldness of water, boards, a nail keg, and other refuse thrown into the cistern by children, hampered the rescuer, but he was able to bring her up and pass her out through the small manhole, which was three feet from the surface of the water. The diameter of the cistern was only five feet, which greatly hampered movement.

"The victim had been in the water for ten minutes or more,

and when brought to the surface, it was found that breathing had stopped and the patient looked blue. Artificial respiration was immediately applied and in due course the patient recovered, but did not regain consciousness for some four hours and was detained in hospital for two days."

Earl Mountbatten has expressed his regrets that it is not possible for him to present the medal to Wardle, but has asked that his warmest congratulations and praise be conveyed to the recipient who effected so brave a rescue.

Wardle is the son of Mr. and Mrs. Joseph Wardle of Tilley and a student in Grade X. Born in Medicine Hat, he learned to swim when he was five years old. He learned water safety, which includes the application of artificial respiration, at the Red Cross aquatic school held last July in Lethbridge.

In speaking of Wardle's award, R. C. Bishop of Edmonton, director of Red Cross swimming and water safety in Alberta, said, "Frances Burchack, who was saved by Wardle in this incident, is only one of the many potential victims of death by drowning in Alberta who have been saved by action on the part of water safety instructors trained by the Canadian Red Cross Society.

"Many of the drownings which are sure to occur this year and in the future in Alberta could well be averted if organizations and municipalities which plan on conducting any type of aquatic program would have some person such as Robert Wardle attend an aquatic school conducted by the Canadian Red Cross Society in one of the many regional schools which are held each year in the province.

"The Red Cross Society stands ready to help in saving lives by training persons, selected by organizations and municipalities, as swimming and water safety instructors."

Beautiful Baby

THIS cute little fellow is the one-year-old son of Mr. and Mrs. J. J. Coxford of Mannville.

Increased Coyote Activity Reported

Renewed interest in Alberta's province-wide campaign for the control of coyotes is reported by W. Lobay, Supervisor of Crop Protection. Three new control areas have recently been established, making a total of 57 now in operation.

Farmers are now reporting more coyote activity than has been in evidence during the past three months, and some of them are becoming concerned about the safety of their sheep and poultry. In these cases, Mr. Lobay advises the re-setting of cyanide guns that may have been removed earlier this year. In some cases the effectiveness of the lure may have deteriorated, he says, and pest control officers should be approached for fresh supplies.

The use of coyote getters has

\$1 for Favorite RECIPE

Ham and Egg Pie

Pastry for two crusts
One-half pound diced cooked ham
One medium-sized onion, diced
Cooking time: Five minutes
Four eggs, beaten
One-half teaspoon salt
One-eighth teaspoon pepper
Oven temperature: 375 deg. F.
Baking time: Fifty minutes
Servings: Four, or more

Line a pie plate (9 in.) with pastry. Sauté the ham and onion in a greased skillet and place in the pastry. Pour the beaten eggs, salt and pepper over the ham. Cover with the top crust, making a vent in the centre to let the steam escape. Bake in a moderately hot oven until the crust is brown.

To Mrs. A. M. Spofforth, Seattle, Washington, goes this week's award. Send your recipe to the Favorite Recipe Editor, P.O. Box 4368, South Edmonton. It may win the \$1.00 weekly award!

proved very effective during the past winter, and loss of sheep in some areas has been eliminated entirely. There is no district in the Province in which similar results cannot be attained if a little more care is exercised in putting out the guns in the proper places, Mr. Lobay says.

LONDON MAN NAMED PRESIDENT. Lt.-Col. Robert Ellis Key of London, England, who was named President of The Mother Church, The First Church of Christ, Scientist, in Boston at its annual meeting attended by Christian Scientists from all over the world, in Boston, Mass., U.S.A.

DIES UNDER TRACTOR

DERWENT—(BUP) — A 51-year-old farmer, Dymtro Chyku liak, was killed when the tractor he was driving overturned near his home in the Derwent district, 12½ miles east of Edmonton. The RCMP said the farmer was crushed beneath the vehicle.

Canadian manufacturers made 5.8 cents profits on each dollar of sales in 1951, down from 7.1 cents in 1950.

Attention Passenger Car Operators

Section 41a—(1) of The Vehicles and Highway Traffic Act reads as follows:

"No person shall drive any motor vehicle registered pursuant to this Act unless,—

- (a) the motor vehicle has been inspected within twelve months; and
- (b) a certificate of approval has been issued pursuant to this section."

All Authorized Testing Stations have now been provided with certificates and windshield transfers to cover the ensuing twelve month period commencing July 1st, 1952. The attention of motorists is particularly called to the fact that certificates of approval which they previously obtained are only valid for a period of twelve months from the date of issue.
